Table 1 State Fiscal Impacts Under SB 21-129

		Budget Year FY 2021-22	Out Year FY 2022-23
Revenue		-	-
Expenditures	General Fund	\$1,660,000	\$2,920,000
Transfers		-	-
TABOR Refund		-	-

Summary of Legislation

The bill creates the Veteran Suicide Prevention Pilot Program in the Department of Human Services (DHS) to reduce the suicide rate among veterans by providing free behavioral health services. The department must develop an individualized treatment plan for each veteran accessing services. The pilot program is established initially in El Paso County and may serve up to 700 veterans. Subject to available appropriations, DHS may expand the program to other areas of the state or to serve more than 700 veterans. The DHS may contract with a qualified nonprofit or educational organization to administer the pilot program.

At the department's annual SMART Act hearing, DHS must report on the program's effectiveness and include recommendations for changes and/or continuation. The program is repealed June 30, 2025.

State Expenditures

The bill increases state expenditures in the DHS by about \$1.7 million in FY 2021-22 (a one half year impact), and by about \$2.9 million in FY 2022-23. New costs continue through FY 2024-25 and the program's repeal. State expenditures are displayed in Table 2 and described below.

Table 2
State Expenditures Under SB 21-129

Cost Components	FY 2021-22	FY 2022-23
Department of Human Services		
Contracted Services	\$1,260,000	\$2,520,000
Marketing, Outreach and Education	\$200,000	\$200,000
Professional Program Evaluation	\$200,000	\$200,000
То	tal \$1,660,000	\$2,920,000

Contracted services. The DHS will contract with a nonprofit organization to administer the program and provide treatment to veterans. In FY 2007-08, the department operated a similar pilot program at a cost of about \$3,000 per client. Increased for inflation, the current cost per client is about \$3,600. The pilot program is limited initially to 700 veterans in El Paso County for a total cost of \$2.5 million. For FY 2021-22, contracted services assumes a one half year impact.

Marketing, outreach and education. During the first year of the program, the department and program administrator will design and develop marketing materials for the program and begin outreach and education with affected communities. These costs include maintenance of a dedicated phone and email hotline, and ongoing advertisement in the El Paso County media market.

Professional program evaluation. The DHS will contract for professional evaluation services to assist in the design of the pilot program, to outline evaluative data collection needs, and to work with the administrator and affected clients to prepare a pilot evaluation. Professional evaluation will inform the department's recommendations to the state legislature.
